

# Getting a new roof shouldn't be an exercise in pain and frustration!

*(Sadly, for many homeowners, it's exactly that)*

The biggest obstacle to a successful roofing project is choosing the right contractor to do the work. To help make your decision easier, our company has joined an exclusive factory certification program sponsored by GAF — North America's largest roofing manufacturer.

*Here is what that means for you...*

## GAF Has Taken The Worry Out Of Choosing A *Roofing Contractor*

Asking the right questions is the key to selecting the right contractor. To become a factory-certified GAF Master Elite® Roofing Contractor, we had to show that we are:

- Fully licensed by our state to perform roofing work\*\*
- Adequately insured for your protection
- Have a proven reputation for providing quality roofing services throughout the community
- Committed to ongoing professional training to ensure quality installation

Because of GAF's stringent standards, *only the top 3% of all roofing contractors have qualified as Master Elite® Contractors!* Choosing us is your assurance that you'll be dealing with a quality, reputable, and dependable professional contractor — not some "fly-by-nighter."

### Professional Installation

To ensure your total satisfaction, our company has been provided with extensive educational materials developed by GAF's technical experts—allowing us to stay current in the latest roof installation techniques. That's why GAF has authorized us to offer their enhanced system warranties, one of which even includes an inspection of your finished roof by GAF!

### Superior Protection

Most people think that a new roof is nothing more than just nailing up some shingles. We know better—so we recommend GAF's Lifetime Roofing System.† It gives you the best protection against a variety of all-too-common roofing problems, including Lifetime coverage against manufacturing defects. Plus, each component used in the system has earned the prestigious Good Housekeeping Seal!

### "Worry-Free" And "Hassle-Free" Warranty Options

Because of our unique factory-certified status, the roofs we install are eligible for special warranties—all backed by GAF's financial clout as North America's largest roofing manufacturer. After all, a warranty is only as good as the manufacturer that stands behind it. With a GAF roof, you know that you will be covered throughout the warranty period—without fail! Ask us about which warranty option would be right for your home.

### Your Safest Choice

Don't trust your biggest asset to just *any* contractor. As a factory-certified Master Elite® Contractor, we're your best and safest choice!

\* Based on a survey of over 28,000 property owners served by GAF Master Elite® Contractors.

\*\* Applies in areas where licensing is required.

† See GAF Shingle & Accessory Ltd. Warranty for complete coverage and restrictions. The word "Lifetime" means as long as the original individual owner of a single family detached residence (or the second owner in certain circumstances) owns the property where the shingles are installed. For owners/structures not meeting above criteria, Lifetime coverage is not applicable.

## GAF Has 3 Different Levels Of Contractor Certification... Here's The *Difference* Between Them:
